

### What is Lexus going to do?

Lexus is in the process of preparing the campaign remedy parts. When replacement parts become available for affected vehicles, Lexus will send you a second owner notification letter requesting that you make an appointment with your authorized Lexus dealership to have the IPM in the inverter assembly inspected and if necessary, replaced with a new one. This repair will be performed at *no charge*.

### What should you do?

Until the campaign remedy parts are available for your vehicle, if you experience this condition or have immediate concerns about your vehicle, please contact your local Lexus dealer as soon as possible to have your vehicle inspected, and any required repairs performed.

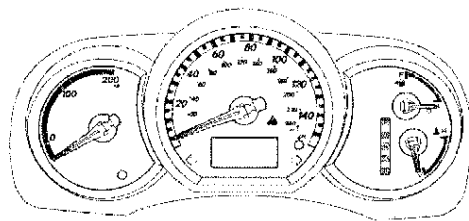

Also, until the campaign remedy parts are ready for your vehicle, to help prevent this condition from occurring, please follow the instructions indicated below:

- 1) Confirm whether or not the coolant level of the coolant reservoir tank for the inverter at the left of the engine room compartment is within "F-L" coolant level. If the coolant level is below "L" level, please fill the reservoir tank with coolant to "F" level.

If you are not comfortable or sure how to check or fill the coolant level in the coolant reservoir tank for the inverter in your vehicle, please contact your Lexus dealer who will be happy to assist you.

- 2) Avoid rapid acceleration and keep smooth driving. Please drive less than 100kW as much as possible. Guests can check the kW in their vehicle's system meter located on the instrument panel in their vehicle.

### What if you have previously paid for repairs to your vehicle for this specific condition?

If you have previously paid to have repairs performed on your vehicle, including replacement of the Intelligent Power Module (IPM) in the inverter assembly due to this specific condition, please contact your Lexus dealer for reimbursement consideration.

### What if you have other questions?

Please contact the Service Department at any Lexus dealership. Your Lexus dealer will be more than happy to assist and answer any of your questions.

We sincerely regret any inconvenience this may have caused you.

Thank you for driving a Lexus.

Sincerely
