Product Data Sheet

TYPE WS

Beck/Arnley Premium OE Automatic Transmission Fluid for Type WS is a superior quality formulation of high-performance base oils and carefully selected additives including a unique mix of friction materials for the specific pressure settings present in Toyota, Lexus, and Scion automatic transmissions which helps promote smooth shifting in extreme temperatures and prevent transmission shudder.

Beck/Arnley Premium OE Automatic Transmission Fluid for Type WS is chemically balanced to help protect seals and "O" rings, and to provide corrosion, rust and wear protection, and resistance to oxidation to prolong fluid life.

Use Beck/Arnley Premium OE Automatic Transmission Fluid for Type WS where Type WS automatic transmission fluid is required for Toyota, Lexus, Scion, and other make vehicles.

Always check owner's manual for proper application
