2002 SC430 OEM Replacement Parts

Sway Bar - Rear

[Email Us A Question Regarding This Item](#)

Description Reviews Warranty

Body roll is an enemy when it comes to turning a corner. Enhancing the rear sway bar to foster maximum control and precision, the rear sway bar (40% larger bar diameter) upgrade from the high-performance IS series suspension increases roll stiffness, improving agility and responsiveness upon turn-in and during slalom-type maneuvers.

Includes:

- Rear Sway Bar (17 mm)
- Rear Sway Bar Bushings
- Rear Sway Bar Brackets

Availability: In Stock

Options:

Also Fits: SC430: 2002 - 2010

In Store: \$223.02
