Replacement Certification Label and VIN Plate Criteria

A replacement certification label and/or VIN plate may be requested if:

- The vehicle is in an accident and the label and/or plate is damaged or attached to a part that will be replaced during the repair.
- The label and/or plate is stolen.

NOTE

- Vehicles with body damage require the original label and/or plate as well as a picture of another VIN on the vehicle.
- Vehicles that were stolen MUST be reviewed by a field technical specialist. These vehicles MUST be accompanied by a police report and pictures of the VIN on the following: frame/body stamp, anti-theft labels, and Techstream Health Check.
- ALL replacement certification regulation labels and VIN plates for damaged and/or stolen vehicles are subject to approval by Toyota Technical Compliance. Contact <u>Quality Compliance@toyota.com</u> for more information.

Procurement Procedure

1. To request a replacement label, complete the applicable form at the end of this bulletin, attach the original label or plate as shown and mail the form to the address provided.

Figure 3.

Procurement Procedure (Continued)

2. Your dealer parts account will be billed \$60.00 for each replacement of a damaged or stolen label or plate.

NOTE

- Sheet metal MUST have sharp edges rounded off or taped.
- In the case that a VIN label cannot be mailed in, a legible and completed Application for Replacement form may be scanned and emailed to: <u>Quality_Compliance@toyota.com</u>.
