Gulf States Toyota Houston, TX – Building on Toyota's legendary history of off-road racing. We are pleased to offer customers through dealers in five state region (Texas, Oklahoma, Arkansas, Louisiana, Mississippi) the all-new TForce 4Runner Special Edition package.

TForce package is built off the SR5 4x4 model and is available in three colors - Midnight Black Metallic, Super White and Barcelona Red Metallic. Package includes 17" matte black wheels with embossed TForce logoed center caps. To get you where you want to go, the wheel is paired to the Nitto Terra Grappler G2 All-Terrain tire. The Grappler G2 is the next generation of all-terrain light truck tire specifically designed to meet your everyday on and off-road adventures. Sides of 4Runner are equipped with custom-built heavy duty rock rails, which include front and rear removable steps. Removing these steps make the rock rail fully functional for the true off-road enthusiast. A lightweight aluminum roof rack with milled front and rear TForce, has multiple mounting locations that can accommodate customer desire to add LED lights, GoPro camera mounting or just use for tie downs to keep gear secure. Front skid plate with TForce milled, round out the additional off-road equipment in package. Painted pocketed fender flares add to the aggressive off-road look, exterior black badges replace chrome and unique TForce badging located on front fenders and rear tailgate. Inside the vehicle, front and rear all-weather mats protect carpets from those messy outdoor adventures, as well as, a rear all-weather cargo mat for entire rear cargo area coverage. Also available on the SR5 4x4 *Premium* which adds such features as SofTex heated front seats, Entune Premium Audio with Navigation and App Suite, power moon roof with sunshade and heated outside mirrors with turn signal indicators. Package will go on sale late winter 2016 with a Manufactures Suggested Retail Price of \$4,999. TForce 4Runner special edition answers the demand for the popular blacked out look customers want, while building on 4Runners off-road capability.
